

Angel Yard Parking Policy

This policy derives from a full members' decision-making meeting in July 2022.

At Angel Yard

- There will be no parking places available to Angel Yard residents.
 - Five of the nine parking spaces will be allocated to community pool vehicles.
 - There will be one accessible parking place, which may be allocated to an AY member who needs it.
 - The three remaining slots will be reserved for visitors, delivery people and residents' overnight visitors.
-

Notes

Further discussion is needed on some detail, for example criteria for accessible need (Blue Badge holder?) and overnight visitor stays (one night? several?).

An email to members on 20.7.22 listed a number of points regarding parking and associated issues that occurred in the course of the parking discussion. Further consideration of the detail of car availability should refer to this email.

Agreed at general members' meeting 20.7.22; Review date: Three months after move-in.
